

Dall'armonia e dal ritmo delle finiture che si alternano nasce Swing, una cucina giovane e vivace dove la funzionalità della grande capienza dei pensili e delle basi è abbinata alla praticità e alle linee geometriche e colorate dei vani a giorno.

Le finiture in legno si affiancano come in una danza ai vetri satinati e agli elementi in folding. Il piano snack e le penisole, anche nella versione sagomata, si fondono al top per creare un unico piano di lavoro pensato per cucinare in tutta comodità.

Out of the harmony and rhythm of the different finishes arises Swing, a youthful and lively kitchen featuring functional roomy wall and base units coupled with practical open compartments with their geometric, coloured lines. Like a finely executed dance, the wooden finishes line up against the frosted glass panels and folding elements. The snack top and wall unit, also available in the contoured version, blend into the top to create a unique worktop designed for cooking in total comfort.

LUBE ECOLOGIC

IL GRUPPO LUBE HA SCELTO DI UTILIZZARE PER I COMPONENTI COSTITUENTI LE STRUTTURE DELLE CUCINE SOLO MATERIALE A BASSISSIMA EMISSIONE DI FORMALDEIDE: CONFORMI ALLO STANDARD F4STELLE SECONDO LA NORMA JIS, CERTIFICATO DAL MINISTERO GIAPPONESE, IL PIU' SEVERO IN MERITO ALLE NORMATIVE DI SALVAGUARDIA AMBIENTALE.

Regarding the production of its kitchen structure components, lube group has decided to only use materials featuring very low formaldehyde emissions complying with the 4-star standard, as defined by the jis regulation. This standard is certified by the japanese government-the most rigorous when it comes to environmental protection.
