

britt

Il modello Britt crea spazi domestici lineari, essenziali ed originali, con infinite possibilità di personalizzazione. Britt si trasforma nella protagonista assoluta dello spazio, non solo quello dell'ambiente cucina ma si estende caratterizzandolo anche all'ambiente living, grazie alla particolare stondatura sui quattro lati dell'anta e alle attuali finiture del polimerico sia nelle proposte nei colori lucidi che opachi che nelle moderne e naturali finiture legno.

CREO ECOLOGIC

IL GRUPPO LUBE HA SCELTO DI UTILIZZARE PER I COMPONENTI COSTITUENTI LE STRUTTURE DELLE CUCINE SOLO MATERIALE A BASSISSIMA EMISSIONE DI FORMALDEIDE: CONFORMI ALLO STANDARD F4STELLE SECONDO LA NORMA JIS, CERTIFICATO DAL MINISTERO GIAPPONESE, IL PIU' SEVERO IN MERITO ALLE NORMATIVE DI SALVAGUARDIA AMBIENTALE.

Regarding the production of its kitchen structure components, lube group has decided to only use materials featuring very low formaldehyde emissions complying with the 4-star standard, as defined by the jis regulation. This standard is certified by the japanese government-the most rigorous when it comes to environmental protection.

Britt creates linear, essential and original domestic spaces, with infinite possibilities for personalisation. Britt is the absolute protagonist of your home, not only in the kitchen, but also in the living room, thanks to the unique rounded profile of the doors and polymer finishes, and with its gloss and matt colours and modern and natural wood finishes.
