

tablet

Superfici lisce e levigate, colori di tendenza sono gli ingredienti di Tablet, la cucina di ultima generazione di Creo Kitchens. Caratteristiche che si aggiungono alla qualità e al design Made in Italy, così ammirato in tutto il mondo.

Tablet è studiata per essere “cucita” sulle proprie esigenze di spazio e di stile, è tanto versatile e personalizzabile da diventare unica ed offrire una soluzione compositiva perfetta, con un’attenzione particolare al prezzo, sorprendente per la sua competitività.

Infinite le combinazioni, tantissime le nuove tonalità sia per le versioni Bridge e Head con maniglia che per la versione Neck con gola. Il vetro flutes e il vetro satinato sulle ante conferiscono alla cucina leggerezza e luminosità. Lineare, moderna, raffinata, allegra, rassicurante, amabile, informale, imprevedibile: sono tanti gli aggettivi per definire l'identità di Tablet, che varia a seconda della sua configurazione e dei colori scelti.

Di base rimangono la sua funzionalità e la cura dei dettagli. Nuovi accessori la impreziosiscono e la rendono ancora più pratica.

È facile innamorarsi di una cucina Tablet: semplicemente elegante, esteticamente essenziale, il piacere di vivere nell'ambiente più confortevole che c'è: la propria casa.

CREO ECOLOGIC

IL GRUPPO LUBE HA SCELTO DI UTILIZZARE PER I COMPONENTI COSTITUENTI LE STRUTTURE DELLE CUCINE SOLO MATERIALE A BASSISSIMA EMISSIONE DI FORMALDEIDE: CONFORMI ALLO STANDARD F4STELLE SECONDO LA NORMA JIS, CERTIFICATO DAL MINISTERO GIAPPONESE, IL PIU' SEVERO IN MERITO ALLE NORMATIVE DI SALVAGUARDIA AMBIENTALE.

Regarding the production of its kitchen structure components, lube group has decided to only use materials featuring very low formaldehyde emissions complying with the 4-star standard, as defined by the jis regulation. This standard is certified by the japanese government-the most rigorous when it comes to environmental protection.

Smooth sanded surfaces and trendy colours are the ingredients of Tablet, the new generation kitchen from Creo Kitchens. These properties are combined with the quality of Italian design, admired all over the world. Tablet is designed to be “tailored” to your requirements in terms of space and style. It is versatile and customisable enough to offer unique and perfect compositional solutions. It is also very keenly priced and surprisingly competitive.

Infinite combinations, loads of new colours, both for Bridge and Head versions with handles and the Neck version with finger rail. Fluted and satin-finish glass on the doors add lightness and luminosity to the kitchen.

Linear, modern, refined, jolly, reassuring, lovable, informal, unpredictable: there are many adjectives you could use to define Tablet, which varies according to the configuration and colours selected.

What remains constant is the functionality and attention to detail. New accessories make it more beautiful and even more practical.

It's easy to fall in love with a Tablet kitchen: simply elegant and minimalist, the pleasure of living in the most comfortable environment there is: your own home.

incollaggio laser
laser gluing

Questa moderna tecnica di incollaggio consiste nella fusione del bordo sul pannello attraverso una fonte laser, grazie alla quale pannello e bordo diventano una cosa sola. La saldatura è permanente e senza fuga ed elimina così non solo i difetti estetici dovuti ai residui di colla, ma anche la formazione di sporco e di ingiallimento garantendo un'estetica impeccabile che dura nel tempo.

This modern gluing technique consists in the fusion of the edge on the panel through a laser source, thanks to which panel and edge become one thing. The welding is permanent and without leakage and thus eliminates not only the aesthetic defects due to the residual glue, but also the formation of dirt and yellowing ensuring impeccable and lasting aesthetics.

CREO ECOLOGIC

IL GRUPPO LUBE HA SCELTO DI UTILIZZARE PER I COMPONENTI COSTITUENTI LE STRUTTURE DELLE CUCINE SOLO MATERIALE A BASSISSIMA EMISSIONE DI FORMALDEIDE: CONFORMI ALLO STANDARD F4 STAR SECONDO LA NORMA JIS, CERTIFICATO DAL MINISTERO GIAPPONESE, IL PIÙ SEVERO IN MERITO ALLE NORMATIVE DI SALVAGUARDIA AMBIENTALE.

LUBE GROUP HAS CHOSEN TO EXCLUSIVELY USE MATERIALS WITH VERY LOW FORMALDEHYDE EMISSIONS FOR THE COMPONENTS MAKING UP THE KITCHEN CARCASSES. THESE ELEMENTS COMPLY WITH THE F4 STAR STANDARD ACCORDING TO JIS, CERTIFIED BY THE JAPANESE GOVERNMENT - THE MOST STRINGENT WHEN IT COMES TO ENVIRONMENTAL PROTECTION.
